

AAOHN Foundation

I am honored to have been chosen as the recipient of the Liberty Mutual Professional Development Scholarship. This generous award has helped support my goal of attaining my Bachelors of Science in Nursing in many ways. As a BSN prepared nurse, I will look forward to promoting quality improvement through research and evidenced based practice to ensure the population I serve receives high-quality care, yielding positive outcomes. The financial assistance of this award has aided the use of other budgeted monies so that I could attend the 2017 National Conference. I was able to bring back a wealth of knowledge from the conference to improve our current programs, as well as innovative ideas for future programs. One of the key areas that I was drawn to was the Total Worker Health model. The main focus is integrating protection from work related safety and health hazards with the promotion of illness and injury prevention. Thank you again for this wonderful opportunity.

Amber Hamill RN
